Attorney Docket No. 245942US2S

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

IN RE APPLICATION OF: Takeshi SUGAHARA

SERIAL NO: 10/724,098

FILED: December 1, 2003

TITLE: SEMICONDUCTOR MEMORY DEVICE

**PETITION UNDER 37 CFR 1.137(a) REQUESTING THE WITHDRAWAL OF
HOLDING OF ABANDONMENT DUE TO UNAVOIDABLE DELAY**

Commissioner for Patents
Alexandria, VA 22313-1450

Sir:

In response to the Notice of Abandonment dated December 1, 2004, Applicants respectfully request that the holding of abandonment for the above-identified Application be withdrawn due to the fact that the Notice to File Missing Parts mailed by the Patent and Trademark Office on February 27, 2004 was not received by Applicants' Attorneys. The facts concerning this matter are as follows.

Upon receipt of mail from the Patent and Trademark Office in this firm, all mail is opened and logged in a daily computer log. The due date is entered in the firm computer docketing system. At the time of entry into the computer, the serial numbers are checked to ensure that the correct docket number appears on the mail so that the documents are entered in the correct application in the computer and matched with the correct application file. Any due dates resulting from the Patent and Trademark Office mail are also entered in the computer.

On December 2, 2004, Applicant's Attorney of Record began a status inquiry for the above-noted application because no Notice to File Missing Parts had been received from the U.S.

Patent and Trademark Office regarding the Inventor Declaration. Private PAIR was accessed and it was discovered that a Notice to File Missing Parts had been issued by the U.S. Patent and Trademark Office on February 27, 2004.

We then checked our computer system. The computer Patent Due Dates section for the subject application did not show a current due date for the Filing of the Declaration, nor did it show receipt of the Notice to File Missing Parts (see attached computer printout).

The application file was then pulled and the full contents of the file were reviewed. The application file contained no Notice to file Missing Parts dated February 27, 2004. The computerized PTO Mail Log Report was then checked. All mail received from the Patent and Trademark Office is logged in the mail log by serial number or patent number, along with a description of the mail received, on a daily basis. Mail from the US Patent and Trademark Office is generally received by our firm within two or three days of mailing. However, to ensure a complete check, the daily log was checked from February 27, 2004 through March 27, 2004 and found to contain no record of having received the Notice for the above-identified application.

It is believed that the above discussion and documents enclosed herewith clearly prove the nonreceipt of the Notice to File Missing Parts dated February 27, 2004 and therefore, the holding of abandonment was issued in error.

The petition fee under 37 C.F.R. 1.117 (i) is enclosed herewith. Applicants believe that no fee is due. If the fee is not due, please credit the petition fee to our Deposit Account No. 15-0030. A duplicate copy of this sheet is enclosed.
